Notice of installation of monitoring equipment in Camden

HS2-SCS-26-2573

Location

Hornby Close, Briary Close, Huson Close and Brocas Close in Camden

Duration

8 October for installation
Regular visits to take readings 2026 and 2027

What we are doing

We'll install ground monitoring equipment in your area in advance of future tunnelling

Monitoring will be ongoing during tunnelling works

What to expect

You may notice some noise while we hammer monitoring studs into the ground

Operatives will visit your area to take readings

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

Up to two operatives will install 35mm ground monitoring studs about five to ten metres apart. It will take a few minutes to install each stud. You may have seen similar studs on footpaths in your local area. We'll then visit regularly in 2026 and 2027 to take readings.

We'll let you know if the dates change.

Where we will be working

- Hornby Close
- Briary Close
- Huson Close
- Brocas Close

Examples of ground monitoring equipment

Brass monitoring stud and a total station used to take measurement readings.
