What we are doing
We wrote to you in September 2026 about works on our site. The dates for some works have changed. You can find details on the following page.

What to expect
You'll notice increased activities and use of construction machinery on site.

Some works, like breaking concrete, may produce increased noise, vibration, and dust at times. We'll always monitor this and minimise disruption where possible.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

Work will start in the vent shaft below ground level from November 2026, including concrete pours. We don't expect this work to be disruptive.

There will also be an increase in site deliveries from late October 2026.

We'll continue to keep you updated about works at our Canterbury Works site. Dates mentioned in this notification may change.

Contact our local engagement team

We run engagement events and drop-ins throughout the year. We also host monthly one-to-one sessions where you can speak to a member of our team about the Canterbury Works site. You can view upcoming events at www.hs2.org.uk/events or sign-up to our virtual one-to-ones using the QR code below.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: https://www.groundwork.org.uk/hs2funds

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 helpdesk team. For more information, visit: **www.hs2.org.uk/how-to-complain**

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction. For more information visit: **www.hs2.org.uk/independent-commissioner**
