Partial footpath closure on Hampstead Road bridge – 19 September to 27 September

We need to carry out trial hole works on the existing gas main on Hampstead Road bridge, which will be removed at a later date as part of the Hampstead Road bridge construction works. To carry out these works safely, there will be partial footpath closures on Hampstead Road bridge. From **7pm** on the **19 September** to **5am 20 September**, we will excavate trial holes to expose the existing gas main. Between **21** and **23** September, we will carry out installing safety equipment within the trial holes to allow any remaining gas within the main to be removed safely, this will take place from **8am** to **6pm**. We will then return to reinstate the trial holes and road surface from **7pm** on the **26 September** to **5am 27 September**.

We apologise for any inconvenience these works might cause.

Please see below a map for reference of where we will be conducting our works

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: www.hs2.org.uk/how-to-complain

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: www.hs2.org.uk/independent-commissioner
