

Old Oak Common Conventional Station overnight works

REF: HS2-OOC-SCP-26-2661

For the attention of:

Residents south and east of Wells House Road

Location

Old Oak Common station site - works will be close to the Hitachi Depot, around 250m away from Wells House Road.

Duration

26 October 2026 to 30 April 2027

We will be working **overnight between 8pm – 6am**, Monday - Friday

What we are doing

We will be pouring concrete and associated works to complete station platforms and some steel work to prepare for the canopy and roof construction.

What to expect

We will need to use cranes onsite to move and lift materials, and lighting, to ensure the workforce can carry out their activities safely. We aim to minimise disruption by using equipment and methods that mitigate noise.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Where we will be working

Works will be close to the Hitachi Depot around 250m away from Wells House Road and need to be undertaken at night to ensure we are able to complete platforms so that canopy and roof elements can be installed.

Please see our previous notification **Old Oak Common: conventional station extended hours** (ref: HS2-OOC-SCP-26-2401).

Working times

- Night shifts will occur between 8am and 6pm, Monday – Friday
- No night shifts will occur for these works between 19 December 2026 – 3 January 2027

Mitigations

We will minimise disruption by pointing lights away from residences and by using noise insulating blankets where appropriate. We will brief staff on entering and leaving site quietly.
