SKANSKA COSTAIN STRABAG Working in partnership with HS2

Update: Utility works, Hampstead Road, Camden

HS2-SCS-26-2760

Location
Hampstead Road, Camden

Duration
Ongoing to 4 December 2026

What we are doing
We'll construct British Telecommunications (BT) chambers in the southbound cycle lane and footpath.

What to expect

- Road closure on Robert Street
- Southbound lane and footpath closure on Hampstead Road
- Temporary traffic lights in place
- Monitoring of our work to ensure we are working within approved noise limits

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Additional information

These works are required in preparation for Mace Dragados' (MDjv) Western Utility Road programme, which will run parallel to Hampstead Road (within their site).

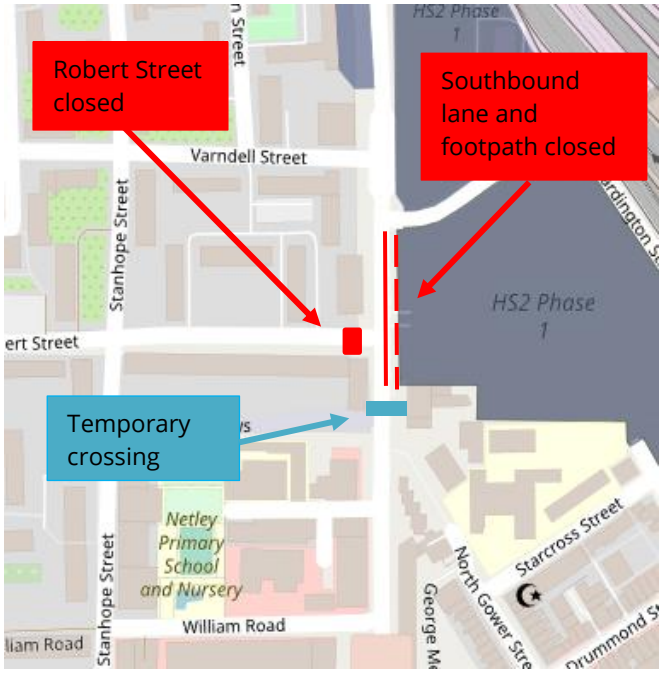

Western utility road works – end date extended to 4 December 2026

We previously informed you that we have closed Robert Street, the southbound lane of Hampstead Road south of Cardington Street and the pedestrian crossing south of Robert Street (please see map below). We have installed a temporary crossing to divert pedestrians to the northbound footpath. Access to Regent's Park will be via Varndell Street. Access to Hampstead Road will be via William Road for southbound traffic and via Varndell Street for northbound traffic

We had planned to finish these works on 20 November 2026, but due to delays, we now expect to finish on 4 December 2026.

After 4 December, we'll continue with these works in the northbound lane and footpath on Hampstead Road. We'll also carry out trial holes in this location. We will update you when we have confirmed the dates. We apologise for the inconvenience this work may cause.
