

Update: Overnight and weekend work, Camden, October and November 2026

HS2-SCS-26- 2707

Location

Euston Approaches, Camden

Duration

Weekends from 24 October to 29 November 2026

Working hours vary depending on the location and type of works

What we are doing

- Footpath, kerbs and hoarding install on Hampstead Road bridge and road resurfacing
- Excavation and steel cutting in Camden Cutting north
- Install of concrete slabs on Granby Terrace bridge

What to expect

- Weekend and overnight working
- Periods of increased noise
- Monitoring of our works to ensure we are working within approved noise limits

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Weekend working on Hampstead Road bridge

As part of our work to extend Hampstead Road bridge, we need to finish works on the northbound footpath. These works will include breaking out concrete, laying a new kerb line, installing the footpath, and resurfacing a section of the northbound lane. We will then install hoarding behind the new footpath ready for pedestrians to use when we close the southbound footpath.

We will work from 8am to 6pm on the following Saturdays: 31 October, 7 November, and 14 November

We expect some of this work to be noisy. There will not be any noisy work after 1pm on Saturdays and we'll monitor our levels to ensure we are within approved limits. We apologise for any disruption this may cause.

We also need to replace hoarding on the west side of Hampstead Road close to Network Rail tracks. For safety, we can only carry these works out when the tracks are not in use. We will work from 9.30am on Saturday 7 November to 1pm on Sunday 8 November. We do not expect these works to be noisy.

Overnight weekend working in Camden Cutting north

We previously informed you we needed to complete protective works to Network Rail tracks ahead of the tunnel boring machines arriving in Euston. This will involve excavation and steel cutting at track-level in several areas within the Camden Cutting.

For safety, we can only carry out this work when the rail tracks are not in use. We will work overnight from 9pm on Saturday to 9am on Sunday every weekend for the rest of October and in November.

We expect there to be some noise during these works. We apologise for any disruption this may cause.

Overnight weekend working on Granby Terrace bridge

We previously informed you we are building our haul road across Granby Terrace bridge. We're using a crane to lift concrete blocks on to the bridge. These works were due to finish overnight between the 3 to 4 October, but had to be rescheduled and we will now work the following:

- 9am Saturday 7 November to midday Sunday 8 November
- 9pm Saturday 14 November to midday Sunday 15 November

For safety, we can only carry out this work when the rail tracks below are not in use.

Ongoing surveys and monitoring at track-level within the Euston Approaches

We carry out regular surveys and monitoring of the bridges and structures within the railway cutting, to inform and assess the impact of our works. For safety, we can only carry out these surveys when the tracks are not in use. Weekend and overnight shifts will need to be used to carry out these surveys.

The map below shows the locations of our weekend works

Euston Approaches text messaging service

We are launching a new SMS messaging service within the Euston Approaches to share information on our planned works, changes or delays to works, and extended working hours. Each text message will contain a short summary of the key information and a link to the full update on the HS2 website.

Should you wish to receive our SMS updates please complete a short online form which can be found by scanning the QR code to the right, and by providing your name, contact number and street name. You will be able to unsubscribe at any time by following the link provided in each SMS.

Keep up to date with your local community website

To find out more about what's happening in your area and receive regular email updates, you can sign up following by scanning QR code to the right.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit:
<https://www.groundwork.org.uk/hs2funds>.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 helpdesk team. For more information, visit: **www.hs2.org.uk/how-to-complain**

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.

For more information visit: **www.hs2.org.uk/independent-commissioner**
