Balfour Beatty VINCI SYSTRA Working in partnership with HS2

Abnormal load deliveries

REF: HS2-OOC-SCP- 26-2764

For the attention of:
Residents of Wells House Road

Location
The abnormal loads will be travelling southbound from Atlas Road roundabout down Old Oak Common Lane into site.

Duration
Monday 23 November at 10pm
Monday 30 November at 10pm

What we are doing
The delivery will have materials needed for the construction of the railway tracks. The vehicle will be escorted on both evenings.

What to expect
There will be an abnormal load being brought onto site by a single vehicle, which will be escorted onto site. They will travel through the existing traffic management system - like normal vehicles – no closures or changes to the road layout expected.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:

Freephone 08081 434 434 **Minicom** 08081 456 472 **Email** HS2enquiries@hs2.org.uk
Writing to FREEPOST HS2 Community Engagement **Website** www.hs2.org.uk

Keep up to date with what is happening in your local area at **www.hs2.org.uk/in-your-area/in-your-area-map/**

What work is taking place?

The delivery will include large lengths of track and materials to help with the construction of the conventional station railway track. Due to the vehicle being used and its classification as an abnormal load, this needs to be delivered during the night to ensure we minimise road disruption in the local area.

Cranes will be used to remove the materials.

How will this impact the community?

The vehicles will use hazard lights that will flash and audible turning warnings. This is because of the size of the delivery and for the safety of other road users and pedestrians.

There will be no reversing noise as they will drive into site and travel to the area for the materials to be offloaded by crane. This is approximately 800m away from residents at Wells House Road.

No works will be carried out to install these during these nights. There will be task lighting in use, but only in the area required, not facing towards properties.

Please contact community@bbvsjv.com or the HS2 Helpdesk on 08081 434 434 or via email at HS2Enquiries@hs2.org.uk if you have any questions.

Please contact us if you'd like a free copy of this document in large print, Braille, audio or 'easy read' format. You can also contact us for help and information in a different language.

Holding us to account

If you are unhappy for any reason, you can make a complaint by contacting our HS2 Helpdesk team. For more information, visit: **www.hs2.org.uk/how-to-complain**

We have an independent Residents' and Construction Commissioner who helps settle disputes and monitors the way in which we manage and respond to complaints about construction.
For more information visit: **www.hs2.org.uk/independent-commissioner**
