What we are doing
As we progress utility works in the area, we will use three-way temporary traffic lights to help keep road users and our workforce safe while we complete these essential activities.

What to expect
You may notice low levels of noise from our work site.

Temporary traffic lights will manage traffic through the works area. Please allow extra time for your journey.

We will maintain access to all properties and businesses throughout these works.

These works are subject to consent.

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you. Should you have any questions or concerns about our works you can contact us by:
